

Corporate Head Shots

Portraits for business cards, promotions, and resumes are available through ISG Photography.

A corporate head shot mini session can be scheduled Monday through Friday between 10 am and 2pm.* During your 30 minute session you may select three different backdrops & up to three outfit changes. Upon completion you will receive information to access your on-line gallery within two weeks. Your on-line gallery will contain approximately 5 finished, lightly touched up, images for you to select from. Once you select an image you may either purchase individual prints, or the digital image file. Prints are sold at the regular print prices. Digital files are sold, for corporate head shots ONLY, for \$100.00 per image. Your image will be placed on disk, in a high resolution, for you to use as you please. A limited copywrite release will be provided allowing you to use the image for business, commercial, or personal use. The copywrite release does not allow you to alter the image, represent it as your own work, or enter the image in contests.

See next page for samples

** additional times may be available upon request*

Head Shot Mini Session Fees

One person - \$50.00

Two people - \$75.00

Small group, 3-4 people, - \$110.00

Larger groups - \$125.00 and up

No obligation to purchase, mini session prices listed above do not include prints, or digital files. Image purchases are in addition to the sitting fee.

Casual, or formal, backdrops are available.

All images are available in color or black & white.
